

REMARKS

The Applicant wishes to thank the Examiner for the recent telephone interview regarding the application, during which the Examiner indicated that the application contains allowable subject matter. Pursuant to the discussion and to move prosecution forward, the Applicant is submitting this supplemental amendment and supplemental information disclosure statement. Prior to the instant amendment, claims 33-39 and 41-43 were pending. The supplemental amendment cancels claims 33-35 without prejudice or disclaimer, and amends claim 36 to be in independent form. Pursuant to the amendment, claims 36-39 and 41-43 are pending in the application. Applicant reserves the right to pursue the subject matter of the canceled claims at a later date. The amendments do not contain new matter. Support for the amended claims may be found throughout the specification and, among other places, specifically at pages 11-12, Example 13, and Figures 6, 7, and 8.

In view of the above, each of the presently pending claims in this application is believed to be in condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Respectfully submitted,

November 16, 2006
